SOFTWARE DEVELOPMENT AGREEMENT

Prepared for: Passive Income Investing
Prepared by: Blundr
Date: May 26th 2026

Duration: 16 Weeks
Effective Date: 5/30/2026

1. Parties

Client: Passive Income Investing, Cl. Punta Colón, Panamá, Provincia de Panamá, acting through its authorized signatory ("Client").

Developer: Blundr, a software development and AI systems firm ("Developer" or "Blundr").

The Client and Developer are collectively referred to in this Agreement as the "Parties."

2. Scope of Work

Developer agrees to design, develop, and deliver a robo-advisor web application and companion mobile apps (the "Product") as described in this Agreement. The Product will be built on the Client's intellectual property, including but not limited to the Client's YouTube content, proprietary ETF spreadsheet data (340+ funds), and cash flow investment thesis.

2.1 Phase 1A — Foundations & Data Layer (Weeks 1–9)

Milestone	Investment (CAD)	Deliverables
M1 — Foundations & Auth	$4,500	Email + Google OAuth, database schema, Vercel + Supabase hosting (North America), Sentry error tracking, CI/CD pipeline, user onboarding flow
M2 — Portfolio Sync & Visualization	$4,500	SnapTrade integration (WealthSimple, Questrade, Moomoo, Webull, 20+ brokerages), CSV fallback, manual entry, interactive pie chart, multi-portfolio support
M2.5a — ETF Screener v1	$4,500	Schema for 140+ ETFs, one-time import from Client's Excel (Tab 4 + sample portfolios), mobile-first filter UI, side-by-side comparison (up to 3 ETFs), deep-dive screen with embedded YouTube links, admin tool to add/edit/remove ETFs
M2.5b — Live Distribution Dashboard	$3,000	Distribution history data model (12–24 months), distribution charts, current yield + last distribution + ex/record/pay dates,

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

Milestone	Investment (CAD)	Deliverables
		admin CSV/XLSX upload tool with schema validation and diff preview, sponsor format normalization layer
M3 — Passive Income Calculator	$4,000	Reverse-engineering engine, tax-drag calculator (Canadian & US toggle), inflation adjustments, milestone tracking

Phase 1A Total: $20,500 CAD

2.2 Phase 1B — Advisor, Engagement & Mobile (Weeks 10–16)

Milestone	Investment (CAD)	Deliverables
M4 — Goal Engine & Sample Portfolios	$2,500	Goal wizard, AI portfolio generator, plain-English rationale, save & revisit functionality
M5 — Robo AI Advisor (RAG)	$6,500	Vector database setup, content ingestion pipeline (Whisper transcription + chunking + embeddings), chat UI, guided questionnaire, objectivity layer, 2-week prompt-tuning sprint
M6 — Monthly Check-In & Rebalance	$5,000	Drift detection, monthly cron jobs, AI plain-English explanations, rebalance UI, email notifications via Resend
M7 — Polish, Beta & Web Launch	$3,000	UX pass, basic admin console, QA, closed beta with 10–20 members, production web launch
M8 — iOS + Android App Builds	$2,500	React Native builds for iOS and Android, push notifications, App Store + Play Store submissions and store listings

Phase 1B Total: $19,500 CAD

Phase 1 Grand Total: $40,000 CAD over 16 weeks

2.3 Out of Scope — Phase 2

The following features are excluded from this Agreement and will be scoped and quoted separately after Phase 1 is live: paper trading mode, social and community features, gamification, and sponsorship admin dashboard. Developer will not commence Phase 2 work without a separate written agreement signed by both Parties.

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

3. Payment Terms

3.1 Milestone-Based Payments

All fees are in Canadian Dollars (CAD) and are billed on a milestone basis. Developer will not invoice for a milestone until Client has reviewed and approved a live demo of the completed milestone deliverables.

3.2 Deposit

A 25% deposit of $10,000 CAD is due upon signing this Agreement and before work commences. The deposit is applied as full prepayment for the M1 milestone ($4,500), full prepayment for the M2 milestone ($4,500), and partial prepayment ($1,000) toward the M2.5a milestone. Of the M1 prepayment, $1,000 is designated as a non-refundable setup and onboarding fee as described in Section 4.1.

3.3 Payment Schedule

Event	Amount (CAD)	Notes
Signing / Kickoff	$10,000	Applied: $4,500 M1 + $4,500 M2 + $1,000 partial M2.5a
M1 Demo Approval	$0	Balance after deposit applied
M2 Demo Approval	$0	Portfolio sync milestone
M2.5a Demo Approval	$3,500	ETF Screener; $4,500 milestone less $1,000 prepaid from deposit
M2.5b Demo Approval	$3,000	Distribution Dashboard milestone
M3 Demo Approval	$4,000	Calculator milestone
M4 Demo Approval	$2,500	Goal Engine milestone
M5 Demo Approval	$6,500	Robo AI Advisor milestone
M6 Demo Approval	$5,000	Monthly check-in milestone
M7 Demo Approval	$3,000	Polish & web launch milestone
M8 Demo Approval	$2,500	Mobile builds milestone

3.4 Payment Terms

Invoices are due within 7 business days of issuance. Work on the next milestone will not commence until the current milestone invoice is paid in full.

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

4. Non-Refundable Costs

Certain costs incurred by Developer at the outset of the engagement are non-refundable regardless of the outcome of the project. These costs are incurred on behalf of Client and cannot be recovered once initiated.

4.1 Setup & Onboarding Fee

$1,000 CAD of the M1 prepayment within the initial deposit is designated as a non-refundable setup and onboarding fee. This cover:

- Project environment setup (GitHub repository, Vercel project, Supabase instance, CI/CD pipeline configuration)
- Initial architecture planning and technical scoping sessions
- Third-party account provisioning and API key management
- Developer onboarding to Client's existing content, spreadsheet data, and YouTube library
- Internal tooling and project management setup for the engagement

This fee is earned upon kickoff and is non-refundable under any circumstances, including project cancellation by either Party.

4.2 Third-Party Integration Costs

The Product relies on third-party services and APIs to deliver its core functionality, including but not limited to brokerage connectivity, AI language models, vector databases, market data providers, and transactional email. These integrations are essential to the Product and cannot be built without them.

Ongoing third-party service costs are passed through to Client at cost and are not included in the build fee. Client acknowledges and agrees to the following:

- Third-party costs are estimated at approximately $150 CAD per month at launch, based on anticipated usage levels at the time of this Agreement.
- This estimate is indicative only and is subject to change based on actual pricing from service providers, usage volume, number of active users, and any pricing changes made by third-party vendors.
- Developer will notify Client of any material changes to third-party costs as soon as reasonably practicable.
- Client is responsible for all third-party costs from the date each service is provisioned, regardless of the project status.

Additionally, the following developer program fees are billed directly to Client's own accounts so that apps are published under Passive Income Investing, not Blundr:

- Apple Developer Program: $99 USD/year (billed annually to Client's Apple account)
- Google Play Console: $25 USD one-time (billed to Client's Google account)

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

Note: Any amounts paid to third-party service providers — whether directly by Client or passed through by Developer — are governed by the respective service provider's terms and refund policies, and are not refundable by Developer.

5. Project Timeline & Delivery

5.1 Target Timeline

- Phase 1A (Weeks 1–9): Foundations, portfolio sync, ETF screener, live distribution dashboard, and passive income calculator.
- Phase 1B (Weeks 10–16): Robo AI Advisor, goal engine, monthly check-in, polish, web launch, and mobile app submissions.
- Web Launch: December 2026 (target).
- Mobile: iOS and Android submitted at web launch; store approval timelines are outside Developer's control and may extend 1–3 weeks. Mobile delivery expected late December 2026 to early January 2027.

5.2 Delays

Developer will notify Client promptly of any anticipated delays. Delays caused by Client (including delayed approvals, delayed content delivery, or delayed payments) will extend the timeline accordingly with no penalty to Developer. Material delays caused solely by Developer will be addressed in good faith with a revised timeline agreed upon by both Parties.

6. Intellectual Property

6.1 Client IP

All pre-existing intellectual property owned by Client, including YouTube videos, the 340-fund ETF spreadsheet, the Ultimate DIY Investing Package, the cash flow thesis, and all associated content and data ("Client IP"), remains the sole and exclusive property of Client. Developer is granted a limited, non-exclusive, non-transferable license to use Client IP solely to perform its obligations under this Agreement.

6.2 Work Product Ownership

Upon receipt of full payment for each milestone, Client owns all right, title, and interest in and to the work product delivered under that milestone, including all source code, designs, data models, and documentation. Developer will maintain the code in a private GitHub repository under Client's account throughout the engagement.

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

6.3 Developer Tools & Frameworks

Developer retains ownership of any pre-existing tools, libraries, or frameworks used in development that are not specific to this engagement. Client receives a perpetual, royalty-free license to use such components as incorporated in the Product.

7. Refund & Cancellation Policy

7.1 Up to and Including Milestone 1

Client's investment, including the deposit, is refundable (less the $1,000 non-refundable setup fee described in Section 4.1) if the M1 deliverable does not meet the agreed specifications or if the failure is attributable to Developer. Client must request a refund in writing within 5 business days of the M1 demo.

7.2 After Milestone 1 Approval

Because Client reviews and approves a live demo of each milestone before it is invoiced and delivered, all completed and accepted milestones are non-refundable. Approval of a milestone demo constitutes Client's acceptance of that milestone.

7.3 Cancellation by Client

Client may cancel this Agreement at any time upon written notice. Upon cancellation: work stops immediately; Client retains all code and deliverables accepted and paid for to date; Client owes nothing further beyond accepted milestones; the $1,000 setup fee is non-refundable; and any third-party costs already incurred are non-refundable.

7.4 Cancellation by Developer

Developer may terminate this Agreement upon written notice if Client fails to make a required payment within 30 days of the due date, or if Client materially breaches this Agreement and fails to cure the breach within 14 days of written notice. Client retains all accepted and paid-for deliverables, and Developer retains all amounts paid.

8. Working Relationship

- Weekly check-ins in a format agreed upon by both Parties.
- Live demo of each milestone before the corresponding invoice is issued.
- Client has a minimum 3-business-day review period per milestone before approval or feedback is required.

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

- Scope changes must be agreed in writing and quoted before work commences. No surprise charges.
- Client owns the private GitHub repository and has access at any time upon request.
- Full code and documentation handover upon final milestone acceptance.

9. Confidentiality

Both Parties agree to keep confidential any non-public information received from the other Party in connection with this Agreement, including business plans, financial data, technical specifications, Client IP, and user data. This obligation survives termination for three (3) years. Neither Party will disclose the other's confidential information to any third party without prior written consent, except as required by law.

10. Representations & Warranties

10.1 Developer Represents That:

- It has full authority to enter into and perform this Agreement.
- Work product delivered will be original and will not knowingly infringe third-party intellectual property rights.
- Services will be performed in a professional manner consistent with industry standards.

10.2 Client Represents That:

- It has full authority to enter into this Agreement and to grant Developer the license to use Client IP.
- Client IP does not knowingly infringe the intellectual property rights of any third party.

10.3 Disclaimer

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PRODUCT IS PROVIDED "AS IS." DEVELOPER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

11. Limitation of Liability

Docusign Envelope ID: 7A6DD14A-EA08-4B45-8733-80A515565634

Developer's total aggregate liability to Client for any claims under this Agreement will not exceed the total fees actually paid by Client to Developer. In no event will either Party be liable for indirect, incidental, consequential, or punitive damages.

12. Regulatory Compliance

Developer will build the Product in accordance with the functional specifications in this Agreement. The Product is a software tool and does not constitute registered investment advice. Client is solely responsible for ensuring that the operation and marketing of the Product comply with all applicable securities, financial services, and consumer protection laws in Canada, the United States, and any other applicable jurisdiction.

13. General Provisions

Governing Law. This Agreement is governed by the laws of the Province of Ontario and the federal laws of Canada. Disputes will be resolved in the courts of Ontario.

Entire Agreement. This Agreement supersedes all prior proposals, representations, and agreements, including the Robo Advisor Scoping & Proposal dated May 15, 2026. In any conflict, this Agreement prevails.

Amendments. This Agreement may only be amended by a written document signed by authorized representatives of both Parties.

Severability. If any provision is found to be unenforceable, the remaining provisions continue in full force.

Independent Contractors. The Parties are independent contractors. Nothing in this Agreement creates an employment, partnership, or agency relationship.

Notices. All notices must be in writing and delivered by email with read-receipt confirmation, courier, or registered mail.

14. Signatures

By signing below, each Party acknowledges that they have read, understood, and agree to the terms and conditions of this Agreement.
